HARTIES AERIAL CABLEWAY

Welcome to Hartbeespoort Cableway, an exciting and educational destination for school excursions in the North West. Since partnering with the Tolcon Group in 2017, we have been committed to providing enriching experiences for students of all ages. Whether you're planning a day of learning, exploration, or fun, Harties Cableway offers the perfect blend of adventure and education.

Our Swiss-engineered cableway, the longest mono-cableway in Africa, transports students to the top of the mountain, where they can enjoy breathtaking panoramic views of the majestic Magaliesberg Mountains, Hartbeespoort Dam, and the surrounding areas. At Harties Cableway, we offer a unique opportunity for students to learn about the local wildlife, the geological significance of the mountain, and the natural beauty of the region.
